What are voluntary consumables?

The consumables we provide go beyond the statutory requirements of the Early Years Foundation Stage (EYFS), offering an enhanced learning experience beyond the basic provision covered by the government funding. These carefully selected resources play a vital role in enriching your child's early education by fostering creativity, curiosity, and hands-on exploration. They contribute significantly to their cognitive, social, and emotional development, ensuring they have access to high quality materials that support their growth and learning journey. By investing in these additional resources, we create a stimulating and engaging environment where children can thrive, build confidence and develop essential skills for the future.

If you wish to opt out of the voluntary consumable charges, please provide written notice within 14 days of receiving this fee sheet, which outlines our charges and the reasons behind them. To help us maintain financial stability and plan effectively, we kindly ask for at least one terms notice if you choose to opt out of any voluntary charges for food, non-food consumables, or activity costs.

Example of a terms notice: If you choose to opt out of voluntary charges at the start of the summer term (April), you would need to provide notice before the end of the spring term (March). This means your opt-out request would take effect from the Autumn term (September), ensuring we have adequate time to adjust our planning and resources.
